

Regan Perry

I grew up in Ashe County and graduated from Northwest Ashe High School. I have always had a passion for nursing, and I love pediatrics'. I obtained by associate degree in Nursing from Wilkes Community College in 1995. I then pursued my Bachelor's Degree in Nursing through Winston-Salem State University. I have worked in a hospital setting, home care and also worked in public health for eight years. My husband's name is Randy, and we have one daughter named Sydney.

My role as a school nurse is to make sure our students remain physically safe and healthy. If your child has a health problem that you would like to discuss please come by office anytime. My door is always open. I enjoy working with children and will enjoy working with your child at Mountain View Elementary during the school year.
